

Health Conferences : The Best places for Healthcare Networking

GEMMS User Group Conference Indianapolis, Indiana on September 16-18 2009. This conference addresses anyone who uses the GEMMS ONE system – physicians, administrative, clinical, practice management, and IT personnel to learn, network, and share information. At the conference you would find emPower and Mediscribes displaying their various products and solution – comprehensive Healthcare compliance solutions through Learning Management System covering HIPAA, OSHA, HR policies, Red Flags rule training packages, etc. Also, Mediscribes that deals with high end Medical Transcription service would displays its deep insights on web-based electronic medical transcription service for hospitals, clinics, individual and group practices and rehabilitation centers.

Another exciting conference followed in the next week would be MedAxiom conference in Monarch Beach, CA, September 23 – September 25, 2009. MedAxiom is one of the most valuable resources and a comprehensive subscription-based service provider for cardiology practices. MedAxiom conference keeps members informed of changing technologies, trends, strategies and best practices in cardiology-practice administration and service delivery. Cardioscribes is Mediscribes' extended hand that aces in providing high quality Cardiology Transcription services; it delivers robust document management system that allows Cardiology practices to capitalize on their patient documentation. Cardioscribes ensures consolidated end-to-end transcription solution that lets you around 25 – 35% lower cost than what cardiology practices incurs.

Health Conferences in Sept-Oct

emPower / Mediscribes would also be visiting 81st AHIMA Convention and Exhibit at Gaylord Texon Resort & Convention Center, Grapevine TX in the month of October 3-8, 2009.

AHIMA 2009 convention will feature education and networking opportunities to a wide spectrum of professionals, from entry-level to middle and senior management, and also in areas like information systems.

Cutting-edge technology that provides cost-effective and end to end solution to meet your medical transcription needs ensuring high quality standards. You would be pleased to see product presentation and live demos of all our e-learning solution – healthcare compliance training, HIPAA training, HR policies, Red Flags Rule regulation education, JCAHO and OSHA Training packages.

Last but not least – MGMA 2009 Annual Conference Denver in the month of October 11th – 14th 2009. MGMA' 2009 Annual conference is the largest professional development and networking conference for medical practice administrators. The Medical Group Management Association (MGMA) 2009 Annual Conference will help you to know what's going on with HEALTH CARE Reform and how it will impact your business in the near future. In addition to transcription service provided by Cardioscribes and Mediscribes also presents Health care practices with dictation and transcription work-flow systems, software development, EMR interface and voice recognition integration. Besides, this you could also find emPower elearning solutions with broad collection of e-learning, e-reference and blended learning that drive business results. Our online courses cover compliance solutions and Human resource policies effectively covering full range of business needs.
